

Alanis Sun

Cocoa, FL | 321-750-7281 | yushuangsun36@gmail.com
US Permanent Resident | Bilingual: English and Mandarin Chinese

Professional Summary

Clinical-development professional with 6+ years supporting Phase I/II research in a GLP environment. Brings clinical-sample/source-document traceability, CRO/internal clinical coordination, assigned data-transfer deliverables, and discrepancy follow-through, alongside project/task planning, status reporting, and cross-functional coordination. Prepared to support clinical project teams through organized execution, accurate documentation, and reliable follow-up.

Professional Experience

Manager, Lab Operations

Akesoe Biologics | Winter Springs, FL | May 2026-Present

- Planned phased work for an early-stage stem-cell project by mapping tasks, responsibilities, dependencies, and status in ClickUp.
- Prepared weekly project-status reports covering completed work, potential impacts, next steps, and follow-ups; coordinated cross-functional inputs and resource needs.
- Reviewed 30+ SOP/DCR records and electronic documents, identified version inconsistencies, and supported process improvements; documented a CAPA response for QA and mock-audit findings for management review.
- Supported vendor/equipment evaluation through requirements definition, discussions, quotation review, and option comparison.

Research Associate I

Vaxxinity | Merritt Island, FL | Oct 2018-Jan 2025

- Supported Phase I/II clinical-development work in a GLP environment across 10+ bioanalytical assays, 4 clinical trials, and 4 preclinical studies.
- Worked with 4,000+ clinical samples; supported a Phase I workflow through receipt/source-document verification, CRO/internal ID traceability, Benchling records, exception investigation, and sample-manager coordination.
- Investigated CRO calculation/data discrepancies and coordinated assigned technical issues with CRO data teams, internal clinical colleagues, sample-management personnel, and supervisors through corrected-output review.
- Prepared assigned assay-result/data-transfer deliverables and supporting documentation for CRO data teams; reviewed underlying data and records during discrepancy follow-through.

Independent Projects

Portfolio: [GitHub](#)

- **Clinical Study Operations Simulation:** Planned a simulated Phase I timeline and milestone tracker covering dependencies, status/forecast variance, and issue escalation.
- **Clinical Trial REDCap Simulation:** Designed a simulated Phase I EDC with longitudinal CRFs, visit/event mapping, sample traceability, and data-quality controls.

Education

- **M.S., Biomedical Science, Physiology & Pharmacology** - Chang Gung University | 2017-2018; academic oncology research involving multidrug resistance (MDR) and drug screening
- **B.S., Biomedical Science** - Chang Gung University | 2013-2017

Certifications

- Google Project Management Certificate - Google, 2025
- Data Management for Clinical Research - Vanderbilt University, 2025

Skills

Clinical Development & Documentation: Phase I/II clinical-development support, GLP documentation, source-document verification, sample traceability, CRO/internal coordination, data discrepancy investigation

Project & Study Coordination: Task/dependency planning, project/status tracking, assigned deliverable follow-up, cross-functional coordination, issue identification and follow-through, process improvement

Tools & Analysis: ClickUp, Smartsheet, Asana, Excel, GraphPad Prism, Benchling, SharePoint, Microsoft Teams, Notion, REDCap (independent simulation), Codex

Publications

- Co-author of a 2024 *Nature Medicine* publication related to Vaxxinity/UB-312 active immunotherapy work.
- Co-author of a 2025 *Communications Medicine* publication related to Vaxxinity/VXX-401/CGRP work.
